

The 12th IEEE/CIC International Conference on Communications in China

August 10 – 12, 2023, Dalian, China

Integrating Space–Air–Ground–Sea Communications

The 12th IEEE/CIC International Conference on Communications in China (ICCC 2023) will be held in Dalian, China, on August 10-12, 2023. Located at the southern tip of the Liaodong Peninsula, bordering the Yellow Sea in the east and the Bohai Sea in the west, Dalian is an important sea port as well as a famous tourist city, with vibrant industrial, trade, and high-tech companies. Featuring "Integrating Space-Air-Ground-Sea Communications", this flagship conference of the IEEE/CIC will offer you a comprehensive high-quality technical program including 12 symposia and a variety of tutorials & workshops. It will also include featured Industry Expos & Forums, which will be held in conjunction with the conference. The conference organizing committee invites the submission of original papers. All submissions must be written in English in the standard IEEE two-column conference format and submitted through EDAS. The maximum paper length of six (6) printed pages (10-point font), including figures and references, is strictly enforced.
